

## Aluminium Stairs

Our staircases are manufactured to durable quality and intended for rigorous, long-term use in professional fields.

Manufactured to our standard 45 degree angle, 225mm tread (unless otherwise specified), with anti slip proxy nosing

& full hand railings they are safe, sturdy & functional for all industries. As a leading **aluminium stairs**

manufacturer, we are

proud to provide top-quality, long-lasting products that are the culmination of industry experience, innovation and

investment in the latest technology.

## Aluminium Mobile Stairs & Custom Made Stairs

A new staircase is an investment that requires considerable thought and planning. It is important that a staircase is safe and sturdy, particularly if it is intended for use in a professional environment where it will be in constant use.

Furthermore, a staircase must be able to stand the test of time: it is no good if it becomes weaker and less stable every time it is used.

Aluminium makes the perfect material for constructing a new staircase. Being strong, durable and corrosive resistant, it has all the attributes and qualities needed for building a staircase that is long-lasting and safe.

At Star Aluminium, we specialise in making quality aluminium products. Our **aluminium stairs** are designed for frequent and rigorous use, and so are built to be sturdy and durable.

We fully understand the great responsibility we have to our customers and their employees, so we take extremely seriously our commitment to providing only the very best **aluminium stairs**.

With additional safety features like anti-slip proxy nosing and full hand railings coming as standard, you can count on us to provide safe and practical **aluminium stairs** for your business.

## Mobile Stairs Made In Australia

At Star Aluminium, we don't outsource our manufacturing. Instead, we're proud to say that we make all of our products – including our **aluminium stairs** – right here in Australia, at our brand new premises in Braeside, Melbourne.

This allows us to be 100% sure of the quality and safety of our products. When you buy **mobile stairs** from Star Aluminium, you can be sure that Australian Standards have been followed – so you know that you're receiving only the safest and best quality **aluminium stairs** available on the Australian market.

## Custom Stairs Available

Whether you're looking for permanent or **mobile stairs**, we believe our range has something for everyone. However, if you can't find exactly what you're looking for, feel free to contact us and we'll work with you to tailor-make the **custom stairs** that are perfect for the specific requirements of your particular business.

So if you're looking for a new staircase for your business, Star Aluminium is the friendly and professional company you need. We can provide you with the strong and safe **aluminium stairs** that fit your requirements, made right here in Australia – and available for you at an affordable price.

**Star Aluminium** is Australia's leading **aluminium manufacturer**, providing high quality **aluminium fabrications**. We specialise **mobile scaffolding**, **mobile aluminium stairs**, **mobile aluminium work platform ladders** and **access platform ladders**.
