

Hot Water Pressure Washer

Kranzle Therm-RP1200

State of the art technology and first-class washing effect at high working pressure makes the new Kranzle Therm-RP series the ideal hot water unit in industries such as construction, agricultural and machinery. Standard features include Total-Stop automatic control system with delayed motor cut-out, optical flame monitoring, low fuel cut-out for burner, hour meter, adjustable burner performance, thermal overload switch, thermostat regulation °C, 4-way safety system and built-in park brake. Ideal for regular use in applications like heavy machinery, transport and manufacturing plants. Features - Pressure 2830psi, 15 L/min cleaning power, Hot Water up to 140° temperature to destroy grease and grime, 35L Fuel tank for long operating times and Dry Run Protection for peace of mind on worksites. Hose reel with 20m wire braided high pressure hose, pressure adjustment make the RP-1200 perfect for jobs like, Trucks, Tractors, Concrete and Moving Heavy material - BUILT TO LAST A LIFETIME! Features - High pressure detergent, Safety cut-out, Digital operating panel, 1400rpm Heavy duty 4-pole motor, Water tank 4L, Safety thermostat, **New Quick Release Plug-in system D12**. Optional Stainless-steel lance with Turbokiller nozzle 065. 2 Year Commercial Warranty. 2 Years warranty on burner coil. 10 Year warranty on Brass Pump Head. Made in Germany.

Features and Equipment

- Operating Pressure Adjustable: 2755psi / 190bar
- Water Output: 20L/m
- 20AMP Plug 415v
- Max Inlet Water Temperature: 60°C
- Power Cable: 7.5m
- Water Tank Volume: 4L/min
- Steam Level: 140°C
- Fuel Tank: 35L
- Weight: 228kg
- Dimensions: 1050 x 800 x 1300mm
- Total-Stop system
- High Pressure Detergent
- Safety Cut-out
- Optical Flame monitor
- New In-line crankshaft pump
- Water flow monitor
- 4-way Safety system
- Low fuel cut-off for burner
- Safety thermostat
- Removable covers
- Digital operating panel
- Water Inlet Filter
- Park Brake
- New Quick Release Plug-in system D12
- **STANDARD ACCESSORIES**
- Trigger gun with safety catch 'Starlet' Short with Quick Release plug
- Flat jet nozzle D25065 with stainless steel lance 1000mm D12 male
- Hose drum with HP hose 20m DN8 double wire braided

- **OPTIONAL ACCESSORIES**
- Turbokiller Turbo Nozzle 07 with stainless steel lance 1000mm with D12 male
- Other accessories available - see Parts & Accessories
