SUPERB APPEARANCE

Designed using computer-aided modelling, the Paltech Return Air Grille has a superb installed appearance.

The louvre style grid is attractive while delivering maximum air flow efficiency. The easy to clean non-reflective surface is scratch and chip resistant, and rust free.

Unlike other grilles, which are produced by joining a number of sections together, the Paltech Return Air Grille is manufactured in one piece. This results in a stronger and far more durable product.

To remove pollutants and air borne particles an optional filter pad can be fitted.

10 YEAR GUARANTEE

The Paltech Return Air Grille is designed and manufactured in Australia to the very highest standards, and is covered by a ten year unconditional replacement warranty to be free from manufacturing defects.

Model	Hole Size	Width	Height
404	380 x 510 (15" x 20")	430	559
434	406 x 762 (16"x30")	451	810
