Honda applied its superior engine technology to create the world's first 360° inclinable 4-Stroke engines. The ultra-lightweight GX35 Mini 4-Stroke efficiently delivers the kind of efficient cleaner, powerful, quiet performance that you'd expect from a larger engine – but in a very compact package.

Need it coupled to a Honda GX200? just add

XR

Air Induction

Flat Spray Tips

110° wide, tapered flat spray angle with air induction technology offers better drift management

Made of a two piece UHMWPE polymer construction with VisiFlo® colour-coding. UHMWPE provides excellent chemical resistance, including acids, exceptional wear life

Depending on the chemical, produces large air-filled drops through a Venturi air aspirator

Available in seven tip capacities with a wide operating pressure range: 15–90 PSI (1–6 bar)

VISIFLO

Air Induction

Angle Flat Spray Tips

Tapered edge wide angle flat spray pattern for uniform coverage in broadcast spraying Large, rounded internal passage to minimize clogging

Excellent resistance to corrosive solutions

Superior wear characteristics

Larger droplets for less drift; 15–90 PSI (1–6 bar)

Applications

Herbicides, fungicides and insecticides

TURBO

2, 4 - D Compliant

Twin Flat Spray Tips

110° wide angle, air induction, tapered flat spray tip pattern based on the patented outlet orifice design of the original Turbo TeeJet® nozzle

Patented orifice design provides large, round passages to minimize plugging.

Depending on the chemical, produces large air-filled drops through a Venturi air aspirator resulting in less drift

Applications

Herbicides, fungicides and insecticides
